

In the Claims:

Cancel claim 4.

Add new claims 8 and 9 as follows:

8. (New) A method of isolating an immunoglobulin comprising providing a solid support having bound thereto a protein according to claim 1 or 2 and contacting a sample containing the immunoglobulin with the support.

9. (New) A method according to claim 8 further comprising extracting the immunoglobulin from the support.

REMARKS

The accompanying amendment is made to add a cross-reference to related applications and to place the claims in better form for examination. No new matter is added by this amendment.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "Version With Markings to Show Changes Made."

All of the claims remaining in the application are now clearly allowable. Favorable consideration and a Notice of Allowance are earnestly solicited.

Respectfully submitted,
